

Formentera to Run, a 60K five-stage race, began day-one of its 13th year yesterday. World champion Martin Fiz, who has participated in every edition of the event, will be on hand to compete alongside young athlete Giovanni Iommi for the winning title. The 81 participants hail from Spain, Italy, Switzerland and Germany. Formentera to Run ends on Saturday 4 June with a 21K half marathon up and down steep slopes in La Mola. For some participants it will be the only event. The Formentera Office of Tourism has collaborated with the event.
