

The Formentera Office of Youth is pleased to report that 20-23 April Formentera towns will welcome, in the words of Vanessa Parellada, Councillor of Youth, "a circuit of travelling bouncy castles offering an Easter holiday leisure activity for the children of Formentera".

This activity will be free of charge and is for children ages three to twelve. Three activity leaders will oversee entry to the castles by age and turns. Four bouncy castles of different sizes and suitable for different ages will go up each day.

Features

The youngest islanders will have a three metre by three metre colourful castle to jump in. Another castle decorated with Spiderman motifs has a jumping area and slide, and measures five metres by four metres. The Mickey Mouse-themed Texas also features a central jumping track, two slides and measures 6.5m x 4.7m. Finally, older children can play in a 7m x 6m castle with a jumping area and two slides that are even higher than the others. This castle is decorated with cartoon themes such as Masha, Doraemon, SpongeBob and Angry Birds.
