

El Consell de Formentera, a través del área de Cultura, informa de que del 7 al 19 de febrero en la Sala de Exposiciones "Ajuntament Vell" se podrá ver la exposición colectiva Els Objectius de Desenvolupament Sostenible.

Este año, expondrán dieciocho artistas mediterráneos, cada uno inspirado en uno de los diecisiete objetivos de desarrollo, y una obra de Francesc Ramis que es la síntesis de todos los objetivos. Éstos forman parte de la agenda 2030 por un mundo mejor.

Esta exposición es la tercera de la serie de Els Baleàrics que comisaría Antonio Torres Martorell y está patrocinada por la Conselleria de Fondos Europeos, Universidad y Cultura y la Fundación Balearia. Con la idea de difundir la obra de artistas de Formentera, en la primera edición, en 2018, participó Enric Riera, y en ésta participa el artista Mar Ample. Entre los dieciocho artistas también se encuentran los ibicencos Bonet Vallribera, Julia Fragua y Miguel Ángel García López.

La muestra ha sido itinerante y se ha expuesto en las Illes Balears y la Comunitat Valenciana. Tras Formentera, se mostrará en Barcelona, donde finalmente cerrará su recorrido.

La apertura de puertas será el lunes 7 de febrero a las 18.00 horas. La Sala de Exposiciones "Ajuntament Vell" estará abierta de lunes a sábado de 11.00 a 14.00 horas y de 18.00 a 20.00 horas. Los domingos, lunes por la mañana y festivos la sala permanecerá cerrada.
