The Formentera Department of Mobility reports that the local public transport service will begin operating seven days a week as of 15 May. Until now, the service was provided Monday through Friday and Saturday mornings.

The following lines will extend current service to include Saturday afternoons and Sundays:

The **L1**: circular line around Estany Pudent and connecting La Savina, Es Pujols, Sant Ferran, Sant Francesc and ultimately, La Savina once again. Service from 7.30am to 8.00pm.

The **L2**: La Savina to La Mola via Sant Francesc, Sant Ferran and Es Caló. Service from 7.25am to 9.10pm.

A **third line** will begin operating when The Market in La Mola opens Sunday 16 May. This line runs on market days (Wednesdays and Sundays) and departs from Sa Roqueta, Es Pujols and Es Copinar.

Mobility chief Rafael González put it simply: “Bus service will expand as tourist activity on the island increases”.
